## Low One-Way Settlers' Rates to the Northwest and California.

From September 15 until November 30, 1903, the Burlington makes very low one-way colonist rates to California, Oregon, Washington, Idaho, Montana. The reduction is from 25 to 40 per cent. from the regular rates.

## The Way to Go.

The Burlington, with its strong main lines and free chair cars, best reaches the West and Northwest via Denver, Billings or St. Paul.

"The Burlington-Northern Pacific Express" is the great daily through train with chair cars and tourist sleepers via Billings, Montana, to Puget Sound and intermediate points.

## To California.

The Burlington's weekly personally conducted California excursions in through tourist sleepers are just the thing for coast tourists and settlers. The route is Denver, Scenic Colorado and Salt Lake.

Homeseekers' Excursions. These are run the first and third Tuesdays of each month at approximately half rates for the round trip. It will be a pleasure for us to give you an accurate and informative reply to any inquiries.

## THE OHIO VALLEY.

The Improvement Association Opened Its Session at Evansville.

Evansville, Ind., Oct. 15.—The Ohio Valley Improvement association opened its convention Wednesday morning under the most favorable circumstances. From the large number and prominence of the delegates it is gathered that interest in the aims of the association is both widespread and influential. After being called to order the delegates were welcomed by Gov. Durbin, of Indiana.

At the afternoon session of the waterways convention, \$5,600 was subscribed by the cities from Pittsburgh to Cairo to enable the association to carry on the fight for a system of locks and dams. Cincinnati was the largest contributor, donating \$2,500.

The convention will complete its labors by the middle of Thursday afternoon. The sessions Wednesday afternoon and evening were largely attended. The evening session was attended by a large number of ladies. The old officers were re-elected, they being: President, John L. Vance, of Columbus, O.; secretary, J. F. Ellison, Cincinnati; treasurer, J. D. Parker, Cincinnati. The men were chosen by a unanimous vote.

Vice presidents for the different states were selected as follows: Pennsylvania, George H. Anderson and W. B. Rogers; West Virginia, Hillman Quarrier and Dan A. Massman; Ohio, A. Bettinger and H. A. Marting; Kentucky, W. W. Hite and W. A. Patton; Indiana, F. B. Posey and M. C. Garber; Illinois, George Parson and J. C. Willis. On account of the large river frontage of Kentucky it was decided to give the state three vice presidents and Saunders A. Fowler was selected. Congressman J. A. Hemenway and Congressman A. O. Stanley were present Wednesday evening and addressed the meeting. Addresses were also made by Capt. J. F. Dravo and George H. Anderson, of Pittsburgh, Pa., after which a banquet was tendered the visitors.

The place of the next meeting will be decided upon Thursday. Cincinnati has abandoned her fight for the place.

## REGISTERED BONDS.

The Annual Report of the Register of the Treasury.

Washington, Oct. 15.—The annual report of the register of the treasury shows that an aggregate of \$15,065,759 of the registered bonds are held by foreigners. Of this amount \$3,511,250 are credited to individuals and \$11,554,500 to foreign insurance companies. The latter amount is all on deposit in this country under the law which requires all foreign insurance companies to deposit with the insurance commissioner of the particular state in which it does business a certain amount of bonds apportioned to the business done to secure its policy holders. "The amount of United States bonds thus held by foreign individuals," says the register, "is so insignificant that it may be said that the national credit is entirely upheld by domestic money."

## NEW TURBINE MACHINE.

A Maximum Speed Equal to 35 Knots An Hour Developed.

Newport, R. I., Oct. 15.—During a test of a new turbine speeding machine in a whitehead torpedo which was conducted under the direction of a special board representing the navy department Wednesday, a maximum speed equal to 35 knots per hour was developed in an 800 yard run. The highest speed attained by the machine now in use is 19 knots. At 12 yards the torpedo developed a speed of 31 knots.

## THE CRUISER CHATTANOOGA.

Notice For the Sale of the Vessel Posted By the Sheriff.

Elizabeth, N. J., Oct. 15.—Notice was posted Wednesday by the sheriff for the sale of the cruiser Chattanooga, which has been in process of construction at the Crescent shipyard. Authority to sell comes from Special Master John A. Miller, under a claim made by the Babcock and Wilcox Co., of Newark, for pay for boilers in the ship. Along with their claim, which is about \$9,000, are claims filed by others, all aggregating about \$29,000.

## RUSSIAN SOLDIERS.

A Large Force on the Way to the Far East.

A Japanese Minister Says Their Relations With Russia Are Cordial and No Tension Exists Between the Two Governments.

London, Oct. 13.—A dispatch from Moscow to the Times, dated October 10, states that a large force of Russian troops, under orders for the far east, are now on their way thither by rail from Kharkoff.

The Russian correspondents of the same paper sends quotations from newspaper articles pointing to Russia's intention to remain in occupation of Manchuria and add that it is reported from Vladivostok that as a result of famine in China, roving bands of Chinese have crossed into Manchuria, where their presence constitutes a danger to the Manchurian railway and that this necessitates keeping Russian troops in Southern Manchuria for an indefinite period.

The peculiar official explanation of the postponement of the czar's trip to Rome, "owing to circumstances over which he has no control," is interpreted in some quarters to mean that the threatening outlook in far eastern affairs calls for the emperor's presence in Russia.

There is no confirmation of the alarmist rumors. At the Japanese legation Sunday night no news had been received of the reported ultimatum.

A dispatch to the Daily Mail from Kobe, October 12, reports that the situation is somewhat easier but that the tone of the press is distinctly bellicose, whilst the same paper's correspondent at Geneva says that several Russian officers there have been suddenly recalled to join their regiments.

Other special dispatches describe Russian war preparations, etc., and the newspapers, which are intensely interested in the developments owing to the Anglo-Japanese alliance, are already publishing maps and estimates of the naval and military forces of the prospective belligerents and editorializing on the possibilities of the situation. The greatest attention is paid to the changed tone of Baron Hayashi, the Japanese minister in London, who is much less confident that peace will be preserved than he was a week ago.

Inquiries in Japanese banking, shipping and commercial houses in London, however, elicited expressions of disbelief in the outbreak of war.

Paris, Oct. 13.—The Figaro Tuesday morning publishes an interview with M. Kurino, the Japanese minister here, on the subject of the dispatch to the Frankfurter Zeitung from Shanghai to the effect that Japanese have occupied Ma-San-Pho and that an official declaration of war is expected. M. Kurino said the source of the dispatch was suspicious, as Shanghai was notoriously the originating point of bogus news. He personally had not received any confirmation of the report. He continued:

"Moreover, my government's last communications were wholly for peace. Our diplomatic relations with Russia are cordial and no tension exists between the two governments whatever certain foreign newspapers may say. I am inclined to think that the dispatch was a speculative maneuver."

## PILLOW-CASE WON HUSBAND.

How All the Girls in This Linen Factory Will Put Their Names in Bundles.

The wedding at Port Chester the other day of Miss Amelia Heyel, of East Port Chester, to William P. Maingault, a planter of Memphis, Tenn., reveals an interesting romance. The first time the planter ever saw Miss Heyel was a week before the wedding, when he arrived from the south. About a year ago Miss Heyel, in a spirit of fun, inclosed her name and address in a package of pillow cases, which she was bundling in a linen factory where she was employed. Later she received a letter from Maingault, who got the pillow case containing her name. The letter led to a correspondence, and exchange of photographs. Finally Maingault proposed and was accepted. The marriage service was performed at the home of the bride by Rev. T. E. White, pastor of the Presbyterian church. The bridegroom gave the bride a diamond locket and distributed diamond pins among the bridesmaids and ushers. When the couple left for Tennessee a crowd of girls from the factory gathered at the station and treated her to a shower of rice. The girls say that Miss Heyel's experience has taught them a lesson and that they intend to inclose their addresses in all of the shirts and pillow cases they turn out and see if they can't get rich husbands.
